Consent to Clinical Procedures

Patient Name:	Date of Birth:

I hereby consent to the medical and surgical care and treatment, as may be deemed necessary or advisable in the judgment of my physician or other provider. This may include, but is not limited to laboratory procedures (including diagnostic testing such as lab draws and skin biopsies), medical and surgical treatment or procedure (including wart treatments, surgical removals, or excisions), or other services rendered during my visit with Forefront Dermatology, S.C. or its affiliated practice ("Forefront").

In order to ensure that you understand all aspects of your visit, you are encouraged to ask any questions or clarify any procedures prior to them being performed. Our dermatology providers will answer any questions and discuss any procedures, concerns and goals with you in regard to the following:

- Benefits of the proposed procedure.
- The way the treatment or procedure is to be performed.
- Alternative treatment options.
- Probable consequences of not receiving the treatment.
- The right to withdraw informed consent at any time, in writing.
- Risk and side effects involved with the procedure.
- Potential for additional incurred charges.

Should a biopsy be performed, or any other procedure in which a section of your skin is removed, the specimen will be sent to a pathology lab for an accurate diagnosis, unless otherwise recommended by your clinician. This process will involve any testing necessary including special staining or outside consultations which will incuradditional charges.

I acknowledge that some medical diagnoses (such as warts) will require multiple treatments with one or more methods that may change throughout the course of treatment and each office visit and procedure will be billed accordingly.

With any procedure, there are risks involved which include, but are not limited to the following:

- Scar Scarring is possible with any procedure of the skin. We will do everything we can to provide you with the best cosmetic result
 possible, but the final cosmetic outcome is notguaranteed.
- Infection The entire procedure will be done in a sterile and/or clean fashion. Still, a small number of people will get a wound infection.
- Bleeding Some procedure may create some bleeding. Rarely will someone have significant bleeding after they leave such that
 they would have to come back to have us treat it.
- Nerve damage This will be thoroughly discussed with you by your provider if it is a potential during your procedure.

COVID-19: I recognize that Forefront has implemented reasonable preventative measures aimed to reduce the spread of COVID-19. However, given the nature of the virus, I understand there is an inherent risk of becoming infected with COVID-19 by virtue of proceeding with an elective treatment or procedure. I understand that possible exposure to COVID-19 before/during/after my treatment or procedure may result in extended quarantine/self-isolation, additional tests, hospitalization and rehabilitation and the risk of other potential complications, including death. I hereby acknowledge the risk of becoming infected with COVID-19 through this elective treatment or procedure.

I authorize pictures to be taken before, during and after the procedure. These pictures and digital images will become part of your medical record and may be used or disclosed as permitted by HIPAA. They may also be sent to your family physician and/or referring physician.

Since each insurance company has its own policies regarding the coverage of procedures, I also acknowledge that I am responsible for payment in full for the charges incurred for procedures regardless of the coverage provided by my insurance carrier. If I am concerned about the cost associated with treatment, it is my responsibility to request a procedure estimate prior to starting treatment.

I have read the consent form in its entirety. I understand the risks associated with procedures that may occur during my visits at Forefront. I do not impose any limitations on Forefront and its staff. I understand that I should discuss any questions or concerns with my dermatology provider prior to any procedure and therefore; with my signature, agree to have any necessary procedures performed.

Patient Communication & Financial Policies

The following are internal policies set in place by Forefront Dermatology, S.C. and its affiliated practices ("Forefront"). Signature is required before services can be provided.

Patient Communications: In Forefront's discretion, information of a confidential nature may be left on your voicemail or answering machine at the preferred number(s) you have provided to Forefront or with a friend or family member who answers the telephone at one of the preferred numbers or at your residence and who can verify your address and date of birth. Such message may include, without limitation, reminders of upcoming scheduled appointments, information regarding your pathology or laboratory tests, billing information, or answers to medical questions you may have inquired about to our staff. Forefront may also communicate with you via e-mail, text message, or post card to your home address provided such method complies with applicable HIPAA communication standards.

Research: I authorize Forefront to contact me regarding any research study in which I may be eligible to participate relating to my care.

Insurance Filing: As a courtesy we will bill your insurance company for charges incurred at our clinic. Please remember your health insurance is a contract between you and your insurance company. Our office will make two attempts to settle any outstanding bill with your insurance company. If your insurance deems a service to be not covered by your insurance plan you agree to be responsible for the balance of this service. Claims not paid by your insurance carrier within 90 days will be considered a non-covered service. We will furnish information required by the insurance company to receive payment. Benefits should be paid directly to the Practice from your insurance company. If your insurance company reimburses you directly for any outstanding amounts due to us, payment will be expected by us within 10 days. I hereby assign to Forefront all my rights and claims for reimbursement under my health insurance policy. I agree to provide information as needed to establish my eligibility for such benefits.

Bad Debt Account Status: I realize that if my account is in bad debt I will be required to pay a down payment of \$150.00 prior to my scheduled appointment. In the event that this down payment exceeds the visit cost, the overpayment will first be applied towards any outstanding balance or bad debt balance and any remaining balance will be refunded to you. I realize that if my account is sent to collections, Forefront may also elect to dismiss me as a patient from the practice. If I pay off my bad debt account, my account will be returned to good standing status and I will not be required to make a down payment on future visits unless I am placed into collections again in the future. This provision does not apply to patients who currently have Medicaid health insurance coverage or to patients who are currently under bankruptcy or any other insolvency protection.

Financial Responsibility: A \$35.00 charge will be added for any non-sufficient funds notice from the bank. I understand and agree that I will be responsible for all legal fees and other costs of collection if my account is turned over to an attorney or agency for collection in which case your visit/s with our office may become a matter of public record.

Medicaid Affidavit:

At this time I,	represent and warrant that I
(Print Your Name	e)
(DO) or (DO NOT) have Medicaid cov	erage.
	oresentation that you do not have Medicaid currently. If you are completing this form on a Inform the staff immediately if you have Medicaid health insurance coverage)

If we find at a later time that you did not provide accurate information above, you will be responsible for the balance of the charges incurred. It is your responsibility to inform our office if you acquire any type of Medicaid coverage at a later time. If you don't provide the updated information to our office you may be responsible for the balance of your bill. Not all locations and providers participate in Medicaid programs. The patient will be responsible for the full amount of services provided when this circumstance is applicable.

Non-insured Patients: Non-insured patients will be charged a down payment prior to seeing a provider on the date of service. This is not considered payment in full. The down payments are as follows:

New patient Office Visit: \$178
 Established Patient Office Visit: \$150
 Excision Visit: \$800
 MOHS Visit: \$1,000

Final charges will be determined after the provider sees the patient and a complete assessment is made. The provider may require payment in full for procedural services prior to rendering such a service. If the balance is paid in full within two weeks from the date of the statement, a 20% discount for cash/check or a 15% discount for credit card will apply. This discount does not apply to Cosmetic procedures and injectables.

Co-payments, Co-insurance, Deductible, & Cosmetic Procedures: Payment is due on the date of service prior to seeing the provider. Deductible amounts may be collected prior to the provider completing the service. Payment for a cosmetic procedure is due in full prior to treatment. There are no returns on cosmetic products sold unless such products are defective or, in the opinion of your provider, caused an adverse reaction.

I understand that procedure estimates are only provided in writing. Written estimates must be requested prior to the appointment.
