

**Due to safety issues, we are REQUIRED to institute the following POLICIES regarding children in our office.**

- Only **one child** (under the age of 10) **per parent** is permitted in the exam room. If you have more than one child with an appointment please bring another adult to attend the child (children) in the lobby while we see the children **one at a time**.
- **If you have a child accompanying you for an appointment**, please bring another adult to watch the child or children in the lobby while waiting. Due to safety reasons, **we cannot permit children in the exam room during your appointment unless they are in a stroller.**

We are sorry for any inconvenience, but these policies are necessary to ensure the safety of the children in our office!

**Thank you for helping us keep your children safe!**
